

September 10, 2018

To Whom It May Concern,

I highly recommend Sung Na for an employment position within your company. Sung was employed as an independent contractor with our company for the month of August to train and aid our Realtors with the implementation of a new technology system.

Sung has the ability to learn quickly, teach, and train effectively. He has good interpersonal skills, is an effective communicator, and is very computer savvy. He participates well in a team environment and is capable of working alone under very little supervision.

Sung would be a very valuable asset to your company and has my highest recommendation. If you have any further questions about Sung and his time spent working for Sutton Group –West Coast Realty please do not hesitate to contact me at [604-538-8888](tel:604-538-8888).

Sincerely,

Lorraine Thomas

Managing Broker
